Fully vaccinated individuals	88,710 <i>(37.14%)</i>	2,134,587 <i>(34.8%)</i>	136,155,250 <i>(41%)</i>

In order to allow for easier comparison of similar COVID-19 data at the local, state and federal levels, we've compiled this chart of current case information. Statistics have been pulled directly from the Springfield-Greene County Health Department, State of Missouri, and CDC (Data Tracker and COVIDView); if a data set is reported as "Unavailable," this means the specific category is not explicitly reported in one of the sources cited above.

To further review trends in areas like total case count, hospitalizations and deaths, please visit each individual data site, linked through each column heading.
